“Kurma” for All

ramadhan
edition

One of the Sunnahs during Ramadan fasting is to break the fast with dates. This is based on the Prophet's Muhammad own example, as he would often break his fast with dates and water or milk.

As an initiative to celebrate a multireligious culture in our organization, we are giving away dates as a gift to our muslim colleges. It is a thoughtful and appropriate gesture, providing a nutritious and traditional food item for their Iftar meal while also showing respect for their religious traditions.

In this conjunction, we would like to wish *Selamat Hari Raya Aidil Fitri* and “maaf zahir & batin” for any inconveniency in our business operation.
